

2022 Rules and Procedures

Rules and Procedures for BRP Modified Tour Drivers

***Highlighted** areas show changes or important information for 2022.

1. BRP Modified Tour Officials have final say on these and any other BRP Modified Tour rules or decisions.
2. All drivers must declare their engine size at all events to draw a pill. (See rule #27.7 for specific weights). **NO EXCEPTIONS AND NO REFUNDS**. All drivers must complete the entire membership package to be allowed to compete in any BRP Modified Tour event.
3. Registration fee will be \$25 per driver, per night or \$150 for all point races, to be paid at the first race of the season or in two installments over the first two events. This will be required for each driver to pull a pill. All drivers will be issued a membership card which must be presented at all races. If you come to the trailer and don't have a card with you, please come back to the trailer with it in hand. Perfect attendance for 2022 will be \$500 for every driver that competes at all point races during the 2022 season.
4. The race director shall be empowered to permit reasonable and appropriate deviation from any of the specifications herein or impose any further restrictions that in his opinion do not alter the minimum acceptable requirements to these rules. No expressed or implied warranty of safety shall result from such alteration of specifications. Any interpretation or deviation of these rules is left to the discretion of the BRP Modified Tour officials, and their decisions are final.
5. Points go to the driver only. No exceptions. Point values are as follows: Heats: 6, 5, 4, 3, 2, 1, 1, 1, 1. Feature points: 50, 48, 46, 44, 42, 40, 38, 36, 34, 32, 30, 28, 26, 24, 22, 20, 18, 16, 14, 12, 10, 8, 6, 4. B-Main points will remain at 2 if you do not qualify for the A-Main. 24 cars will start the feature in 2022. Every driver attending an event with their car will receive an additional 20 show-up points. At the end of the season an additional 100 points will be added to those in perfect attendance. In 2022, we will be paying the top 20 in points. A penalty of 10% will be deducted off for each race you do not attend along with 10% off if you do not attend the banquet. Example: (You miss 2 races during the series and attend the banquet we will deduct 20% from your money. If you miss 2 races and do not attend the banquet, then we will deduct 30% from your point money). If for some reason there is a driver change any time during the season, a new registration card must be filled out, and the points will go to the new driver.
6. Modified Tour, Inc. will do the payoffs for all events in competition. A reasonable amount of time after the check has been deposited in the bank will be needed to give the track check to clear the account before the checks to the drivers can be written and either mailed or distributed at the next event. Please be aware that the BRP Modified Tour cannot be responsible in the event that a promoter fails to make purse payments; or pays with a check which is later found to be non-negotiable.
7. Rainouts: 20 show-up points for a rainout will be given only after the first heat race of the night has taken the green flag. (Example: If we are at a track where the Sprints Cars are the first heat of the night, their first heat race must have taken the green for us to give 20 points for a rainout). If all Modified heat races are completed and then the show is rained out, heat race points along with the 20 show up points will be given for that night. If all Modified heat races are not completed and it rains, no one will receive points for the heats, and you will only receive the 20 show up points for the event.

8. Rescheduled rain date: Only in the event of a whole new show will an additional 20 show up points be awarded. If it is rescheduled as a feature only make-up show, no show up points will be awarded.
9. Order of Events and Lineups: The order of events and lineups at each individual track will be posted at the BRP Modified Tour trailer. It is the responsibility of each individual race team to stay abreast of changes to those lineups in the event of changing weather conditions, etc.
10. Pill Draw will be used to determine heat race lineups. In memory of the late Rick Hall, in 2022 any driver that draws the #4 pill, either through the regular draw or during a mulligan, said driver will be awarded \$25 in cash. If the #4 is not drawn, then the \$25 will roll over until it has been drawn. (Example: The first race the #4 is not drawn, but at the second race it is drawn, that driver will receive \$50 and so on). New for 2022 our 25th Anniversary season, when a driver draws the #25 or during a mulligan, said driver will be given \$25 for that draw. This draw however will not roll over until it has been drawn. It will stay at \$25 for each race.
11. Redraw for 2022: The heat races will see the top 3 finishers draw for their position for the feature up to a maximum of 12 cars or half the field. (Example: Three heats are run, then the top 9 qualified drivers will redraw for their starting position. Four heats – top 12 drivers will draw for position. 12 positions will be the maximum for a 24-car starting field). The rest of the field will be determined through qualified positions and if needed, B-Main finishes for a total of a 24-car starting field.
12. The Modified Tour, Inc. provisional will be chosen from the perfect attendance list for 2022 except for the first night which will be taken from the final BRP Modified Tour points from the previous year. To be eligible for a provisional you must first have perfect attendance and must attempt to qualify through the B-Main if there is one. If a driver tells a BRP Modified Tour representative that he is going to use his provisional and then for some reason does not use it, said driver will be charged for using the provisional for the season.
13. Once again in 2022, any driver that has perfect attendance will be eligible for the drawing of the 2023X Bicknell chassis which will be held at the banquet at season end. The chassis will be awarded to the car owner of record.
14. Modified Tour Official Decals – In 2022 the BRP Modified Tour decals will need to be placed on both sides of the car in the back window area but no lower than the window. The first set of decals will be provided by the Modified Tour. After that the decals will be \$5.00 each. If you are caught without the decals in the proper placement, you will be fined and scored last. Fines will be: 1st Offense - \$250; 2nd Offense - \$500 and all other recurring offenses - \$500. Fines must be paid before racing again with the Modified Tour, Inc. Modified Tour, Inc. also can reserve the right to withhold a driver's payoff in the event said driver has a debt to the series.
15. Weight Decals: All cars registered at 2500# will not require weight stickers in 2022. Only 2400# cars will be required to have weight decals on both sides of the car on the door posts. All cars without 15. weight decals will be deemed at 2500#. If you do not weigh 2500# at the scales, you will be disqualified for the night which could result in a loss of points and money. Additional decals will be \$2.00 each.
16. Drivers Meeting: All drivers must attend the BRP Modified Tour Driver's Meeting. Crew members do not count as a driver. There may be random attendance checks.

17. All restarts during the heats, B-Main and features will be determined by track rules, except for a yellow flag that is thrown in the last 5 laps of the feature only, which will then find a single file restart. The race director will determine the track rules at each track and then he will explain the restarts at the driver's meeting. The pole sitter will get their choice of inside or outside the front row.

18. NO ON TRACK FUEL STOPS FOR RACES 49 LAPS OR LESS.

19. In the event of unforeseen circumstances, the specified feature laps of any race may change from the original posted at the beginning of the night. (Example: Expo Speedway may be changed from 35 to 30 or 25 due to the size of the track and no additional lighting).

20. White Flag Rule: All cars will follow the White Flag rule when lining up for heats, B-Mains, and the Feature. The White Flag rule means that all cars will be in the designated line-up area before the white flag flies in the previous race or said cars will start at the rear of the field. (The decision will be made by the BRP Modified Tour lineup official as to whether you are in the lineup area at the proper time and you must be able to be seen by that official to be considered there in time).

21. If you are forced to move to another car during a race event, you must first notify a BRP Modified Tour Official at the trailer. If you have already qualified for a position in the feature, you will bring any other car out and start at the tail of the feature. If you are not qualified for the feature, you must qualify the new car through the B-Main, starting at the rear.

22. All qualified feature cars need to enter the speedway surface to consider the field set for the feature. A car can be pushed onto the track but must fire or the alternate will be sent out. If only 23 cars are ready for the feature event, the alternate will then be added to complete the 24-car starting field. We ask that you please make your best effort to notify a BRP Modified Tour Official either at the trailer or seen walking through the pit area if cannot make the feature so that the lineup can be changed, or alternates added. Once said driver scratches from the feature, you cannot re-enter the race. The alternate will then be added to the starting field. If 24 cars enter the speedway surface and one car breaks before the drop of the green, the field is considered set and no alternate will be added.

23. For 2022, if you are involved in a caution, you go to the tail of the lead lap cars. If a car exits the track under caution and can return to the racing surface before the green flag is brought out, said car will return to the tail of the lead lap cars. All lapped cars will go to the tail of the field.

24. Official RaceCeiver style communication only, will be use for the racing competition. No other radios or listening devices allowed. All drivers are required to have a one-way radio. The one-way radio must be working and active prior to any on-track activity. Two-way radios, crew member to driver and/or any other means of electronic communication, other than one-way radios, will not be permitted.

25. Red Transponders will be required at all tracks that have a loop and a working system. Hand scoring will be used at tracks that are not set up for the transponder system. In cases where the finish of the race is too close to call (in real time), the track officials may use photo(s), video or electronic scoring, if available, to aid in determining the winner.

26. Tire Rules: D220/D300/D400/D500 Hoosier Tires Only! Tire Compounds must be visible for inspection at the lineup area by BRP Modified Tour officials. If you have them covered over with tape, black grease or ground off and they are not visible for inspection by an official you will be disqualified.

27. WEIGH-IN PROCEDURES

27.1 Top 5 drivers will weigh after heats, B-Main, and feature events with the possibility of a random draw in the feature, if scales are available, regardless of what you are told over the one-way radios. Any car that goes to its' pit area before going to the scales will be presumed to be too light and will be disqualified from that race without right of protest or appeal.

27.2 The weigh -in procedure is as follows: The car must approach the scales at a safe speed, ease onto the sales, come to a complete stop, and let the engine idle. If the car is not positioned properly, it shall ease off the scales and repeat the procedure. The driver shall refrain from excessive motion while the car is on the scales and shall not rock or bounce the car. The driver shall not rev the motor. When instructed, the car shall ease off the scales. Failure to comply with any portion of this procedure shall be deemed to be unsportsmanlike conduct and the driver may be subject to discipline which may include disqualification without right of protest or appeal.

27.3 If a car is determined to be too light after the race is over, the car shall be reweighed. The BRP Modified Tour Officials, in their sole discretion, shall determine the best course of action for reweighing. Location of the scales and proximity of the line of cars, are but two factors in that determination. The BRP Modified Tour Officials may simply back the car up to the scales and reweigh. The car shall repeat the weigh-in procedures. If the car is determined to be too light again, it will be disqualified from that race and relegated to last place in the official order of finish, all without right of protest or appeal. If the car makes the minimum weight the second time it is weighed, it will be deemed to be legal. No car will be weighed more than two (2) times. If the driver is determined to be light and goes to the driver's pit area or onto the track, it will be presumed that the car is too light and it will be disqualified from that race and relegated to last place in the official order of finish, receive last place money and points, all without right of protest or appeal, and the driver may be subject to discipline.

27.4 Driver's responsibility: It is the driver's responsibility to be sure that the car always meets the minimum weight requirements. The driver may request that the car be weighed at any time before or during the program so long as the request does not interfere with the orderly presentation of the program.

27.5 Earlier Weight Checks: Cars may be weighed several times over the course of the racing program. Just because the car made minimum weight earlier in the program will not be controlling any other time the car is weighed.

27.6 No Tolerances: The BRP Modified Tour does not allow for any tolerances for fuel burn-off or any other reason.

27.7 Scales are Official: All scales used by the BRP Modified Tour are the official scales for that racing event only. The scales might not be calibrated or certified to be considered official.

A 358 or less cubic inch motor with a 23 degree head will weigh 2400# minimum.

A FASTRAK/RUSH Sportsman Crate Modified can run with the BRP Modified Tour if they run our brand and compound of Hoosier Tires at 2400# minimum. (See rule #25)

All small blocks bigger than a 358 cubic inch motor or with any other head configuration will be required to weigh 2500# minimum.

All big blocks regardless of size will be required to weigh 2500# minimum.

Every driver must declare their motor size prior to pulling a pill for the night.

These weight classes will be monitored during the season and if any changes need to be made to level the playing field such changes will be considered by the Modified Tour, Inc. board members.

Carburetors Only!!! No Fuel Injection.

Absolutely NO Aluminum blocks except for the GM CT-525 that must weigh 2500# and the W-16 that must weigh 2400# and both engines must be sealed.

27.8 All added weight(s) must be securely attached to the frame below the body decking. Ballast and/or weight may not be mounted to the roll cage above the rear deck. Any part that moves or is not a fixed component to the steel frame structure may not be used for any weight attachment. Weights attached to the rear bumper and/or outside the frame will not be permitted.

27.9 All Decision Final: The decisions of the BRP Modified Tour Officials concerning compliance with the weight requirements and procedures shall be final and shall not be subject to protest or litigation.

28. BRP MODIFIED TOUR BODY RULES:

Body Specifications:

A. Bodies

1. Cutlass, Supreme, Grand Prix, Probe, Cavalier, Sunbird, Lumina, Grand Am, Daytona, Thunderbird (but not limited to), no fan or ground effect cars, no exotic bodies, front wheels, and tires must be fully exposed.
2. A one-pieced fiberglass roof that is centered from side-to-side on the roll cage and on the frame.
3. Maximum roof width 52", minimum 48". Length of roof is maximum of 60", Minimum 48". No flat roofs, no offset bodies.
4. The maximum overall height of the car is 62" with a minimum of 53" measured from the ground.
5. Rear deck/spoiler must not exceed 50" from ground to the tip of the deck/spoiler/trunk (With driver).
6. Only magnetic steel and/or aluminum will be permitted for all inner and outer body panels.
7. Maximum body width anywhere 68", minimum 64".
8. Side door panel maximum 86" and a minimum of 60" in front of center of rear axle; door must be straight up and down within that measurement. Variations for molding will be acceptable. Front door extensions will be allowed up to 20" minimum behind front axle centerline. All extensions and rear quarter panels must have a maximum lip rounded or 90 degrees of 1-1/2" top and bottom, facing inside only.
9. Rear quarter panels must match. Two-inch (2") fender flares are legal as long as a 68" maximum body width is maintained. Rear quarter panels can extend back to 48" maximum (measured from center at rear axle to rear and car including spoiler).

10. All horizontal body supports other than the inner pods, whether in the front and/or rear must be a minimum of 1" x 1".95 thick tubing or 1" flat stock a minimum of .125" thick.

11. Inside and/or outside wings, spoiler, air foils and/or wind deflectors will not be permitted.

12. Rear trunk lid must be fully enclosed from quarter panel to quarter panel.

13. Front hood, nose and front spoiler can be no wider than 36" and may not extend anymore than 20" in front of axle centerline, also they may have 2" maximum lips up or down on side following contour of body. Hood must have complete sides.

14. Hood scoop cannot start anymore than 25" forward of center of carburetor, hood scoop cannot be wider than hood.

15. Minimum ground clearance 2-1/2".

16. No Sail Panels.

B. Window Openings:

1. Side minimum 12" vertical front and 14" vertical rear by 30" wide.

2. Front window opening 8" vertical measured from lowest point of roof or roll cage to highest point on hood (including hood scoop).

3. Mandatory front screen, (no aluminum) maximum 1" x 1" openings recommended. Screen must be suitable.

C. Roll Cage:

1. Only round magnetic steel tubing 1-1/2" and/or 1-3/4" outside diameter with a material thickness of 1-3/4" - .095" and/or 1-1/2" - .120" will be permitted.

2. Round steel rollover bars are mandatory.

3. Front and rear roll bars must be connected at top (cage type).

4. Proper bracing and triangulations on front and rear roll bars are recommended.

5. A minimum of one diagonal bar across the top of the roll cage is recommended.

D. Chassis:

1. All frames must be fabricated utilizing 2" x 4" rectangular magnetic steel tubing with a .120" wall thickness. Only 2" x 4" rectangular box frames between the front and rear axle centers will be permitted. The 4" side of the rectangular tubing must remain in the vertical position. For the purpose of inspection on 3/16" diameter hole may be drilled in each frame rail for inspection of thickness. Other holes will not be permitted. Round tubing must be either 1-1/2" outside diameter (if using for main hoop must be .125") and/or 1-3/4" outside diameter with wall thickness of .095".

2. Chassis width will be: front 24" minimum, 35" maximum; rear 26" minimum, 35" maximum. All measurements will be taken from the outside of the frame rails, at the top and bottom of the frame rails and its longest length. Clips, sub-frames, etc. will be considered a part of the frame.

3. The minimum length of the 2" x 4" frame rails begin 14" in front of the centerline of the rear axle and extends to the front of the radiator. The left and right rails (both top and bottom) must be equal in distance permitted. A maximum 4" indent in the lower left rear frame rail for suspension clearance will be permitted. The two (2) upper frame rails in the engine compartment may be altered for engine clearance only.

4. Minimum frame width must be 26" measured at rear roll bar (top and bottom). Left and right frame rails must measure equal distance from drive train centerline.

5. Minimum wheelbase of 106", maximum 110".

6. Side rails and rear bumpers must be minimum 1-1/2" OD x .095" wall. All bracing on both must also be minimum 1-1/2" OD x .095" wall; minimum wall thickness must be .120" with no solid or ballast added. ALL CARS MUST START THE RACE WITH ALL BUMPERD AND SIDE RAILS IN PLACE.

7. Front bumpers must be a minimum of 1-1/4" diameter x .095" wall. No "V" shapes.

8. ALL BUMPERS MUST HAVE ROUNDED ENDS WITH NO SHARP EDGES.

9. All roll cages, bumpers, and side rails must be round steel tubing only.

10. No independent suspensions, front, or rear. No "A" frames or ball joints utilized for steering axis. (King pin only). All brackets on front axle must be bolted or welded.

11. Engine must be centered in chassis and placed in an upright position. Engine set back minimum 32" for small block and maximum 42", measured from the center of front axle to front face of block. No rear engine cars.

12. Fuel Cell Only. Fuel cell height 12" minimum from ground to bottom of fuel tank.

Fuel cell must be fully encased in a steel container with a minimum thickness of 20-gauge. An optional aluminum container may be used with a minimum thickness of .060". Fuel cell must retain foam inside. Fuel lines must siphon from top only. Fuel tank vent line must have an in-line, one-way valve for the prevention of fuel spillage. No auxiliary tanks. Recommended that fuel cells meet FIA/SPEC/FT-3 Specifications. Integral ball check valve highly recommended for filler neck and vent tube.

13. Only two (2) universal joints per driveline.

14. Only one radiator allowed, and it must be centered in front of motor in a vertical position. NO auxiliary cooling tanks or catch cans allowed in driver's compartment. No plastic or carbon fiber allowed.

15. Seat and steering wheel must be centered in frame. HIGH BACK SEATS ONLY! NO FIBERGLASS SEATS ALLOWED!

E. Suspension Components, Springs, and Shocks:

I. Independent front and/or rear suspensions will not be permitted. No Cantilever suspensions allowed.

II. All suspension systems (including travel limiters) and designs must be mechanical. hydraulic, pneumatic (air), electronic, radio and/or computer assisted for adjustments, and/or in-or-out of cockpit type suspensions, and/or suspension adjustment systems will not be permitted.

III. Data acquisition sensors will not be allowed anywhere for use during competition.

All suspension systems must be mechanical with no form of electrical or computer assistance. NO four-wheel steering allowed that is actuated by the steering wheel. (No cantilever suspensions or inboard shocks).

Springs:

Any type and/or form of spring will be permitted (torsion bar, coil, and/or leaf spring).

Coil springs must be manufactured from magnetic steel. Leaf springs must be manufactured from either magnetic steel or approved composite material.

Shocks:

Only one shock per wheel will be permitted (no titanium)

No shocks that can be adjusted from the cockpit.

No remote wires, lines or canisters.

No air ride shocks.

All shock absorbers must be constructed of magnetic steel and/or aluminum.

F. Electronics, Gauges, and Dash Modules:

A. All electronic gauges whether analog or digital, except tachometers, will only be permitted to have one (1) input from the respective gauge sensor. Outputs from the gauges will not be permitted. Tachometers will be permitted to record engine RPM for recall and playback.

B. When an electronic dash module is used in lieu of individual gauges, only the inputs described below for individual gauges will be permitted. All other input channels must be disabled and blocked off from usage. Only engine RPM may be recorded. Wiring to the electronic dash module must be accessible and removable for ease of inspection.

C. Gauges to monitor engine conditions are permitted but will be limited to the following:

- | | | |
|----------------------------|----------------------------|------------------|
| | a. Oil Pressure | e. |
| Engine Coolant Temperature | | |
| | b. Oil Temperature | f. Fuel Pressure |
| Battery Voltage | c. Engine Coolant Pressure | g. |
| Vacuum Pressure Gauge | d. Engine RPM | h. |

D. All additional wiring harnesses related to electronic dash modules or any type of data acquisition must be completely removed from the race vehicle during an event.

1st Penalty - Disqualification, points, and money for the nights event.

2nd Penalty - Disqualification, points, and money for the entire season.

G. Rear Ends:

1. Rear end or chassis must not be offset any more than 4" from center at the inside tire width, measured from the inside of the left rear tire to the inside of the right rear tire, at axle height, front end the same.

2. Conventional open or closed quick-change rear ends ONLY. Modified-type front spindles with steel bearing shafts recommended. No limited slip differentials, locked rear ends only.

H. Transmissions:

Approved North American manufactured transmission only, standard, and must bolt to bell housing. No overdrive transmissions allowed. Neutral and reverse gear must be in operating order. From a neutral position with motor running, a car must be able to go forward and backward. If a conventional clutch and pressure plate are used, steel bell housing must be used.

29. RACER'S CODE OF CONDUCT

29.1 Discipline: All drivers entering a BRP Modified Tour event shall be subject to discipline for any violation of the rules and regulations; violation of the Racer's Code of Conduct; or the failure to obey the directives and decisions of the BRP Modified Tour Officials.

29.2 Drivers Responsible: The drivers shall be responsible, always, for the behavior of the owner of the car and all pit crew and discipline may be imposed upon the driver for any car owner's or pit crew member's violation of the rules and regulation; violation of the Racer's Code of Conduct; or the failure to obey the directives and decisions of the BRP Modified Tour Officials. However, BRP Modified Tour may also impose discipline upon the offending car owner or pit crew member as BRP Modified Tour Officials deem appropriate in their sole discretion.

29.3 Good Conduct Required: All drivers, car owners and pit crew members shall always conduct themselves in a professional manner that reflects favorably upon the sport and the BRP Modified Tour. The professional manner includes, but is not limited to verbal representation, written representation, and representation that may represent the BRP Modified Tour. Verbal abuse may result in an immediate disqualification from the event. Repeated violations may warrant a fine or suspension. Any failure to adhere to this rule may result in the imposition of discipline, in the sole discretion of the BRP Modified Tour.

29.4 No Drugs: No driver, car owner or pit crew member shall before, during, or after the event (as well as support classes) possess, use, consume or distribute any drug, narcotic or controlled substance which is illegal under federal, state, or local law prevailing at the speedway. The BRP Modified Tour has a zero tolerance for illegal drugs, narcotics, and controlled substances. Any violation of this policy shall be grounds for immediate disqualification from the event, expulsion from the speedway grounds, criminal prosecution, and imposition of any other discipline (including a lifetime ban) deemed appropriate by the BRP Modified Tour Officials. Any person suspected of possession, use, consumption, or distribution shall submit to a medical examination (which may include blood and/or urine testing) within 24 hours, with the cost of same to be paid by the person suspected and with the written results to be provided directly to BRP Modified Tour, Inc. Any substance suspected to be an illegal drug, narcotic, or controlled substance shall be 29.4 confiscated by BRP Modified Tour Officials and/or speedway security and/or law enforcement officers and may be subject to testing with the cost of same to be paid by the person suspected and with the written results provided directed to Modified Tour, Inc.

29.5 No Alcohol: No driver, car owner, or pit crew member shall possess, use, consume or distribute any alcoholic beverage on the speedway grounds before the event or while the evenings' program (including support classes) is still in progress unless the person is in a spectator area where consumption of alcoholic beverages is permitted by the speedway and the BRP Modified Tour portion of the program has been completed.

29.6 Persons under the Influence: No driver, car owner, or pit crew member shall be permitted to enter or remain in the pits or infield area while under the influence of alcohol or any illegal drug, narcotic, or controlled substance. Any person suspected of being under the influence of alcohol or any illegal drug, narcotic, or controlled substance shall submit to a medical examination (which may include blood and/or urine testing) within 24 hours, with the cost of the same to be paid by the person suspected and with the written results to be provided directed to the Modified Tour, Inc. Any person refusing to submit to a medical examination shall be presumed to have possessed, used, consumed, or distributed a drug, narcotic or controlled substance, or alcohol, and shall be subject to discipline, in the sole discretion of the Modified Tour, Inc.

29.7 Media Relations: The Modified Tour, Inc. recognizes and endorses the efforts of the racing media to promote modified racing and other forms of motorsports. Any driver refusing to participate in an on-track interview at the end of the event, any post-race interview arranged by Modified Tour, Inc. or in any post-race press conference shall be subject to discipline, including but not limited to imposition of a fine that shall be equal to or greater than the driver's winnings.

29.8 While we recognize your right to express opinions on social media, drivers, crew members, owners and members of the media should be advised that threats against officials, other drivers, crew members or owners will not be tolerated. Any action by a driver, crew or owner which appears to be in the execution of a threat will result in penalties vis suspension and/or fines against the driver and/or car owner. The driver/car owner will be held responsible for the actions of members of his/her crew.

29.9 Fighting or Other Misconduct: Any person taking part in discourteous conduct or causing a disturbance is subject to discipline. Persons leaving their pit area to go to another pit area or to any other location to cause a disturbance are subject to discipline. If any physical contact occurs, including but not limited to fighting, pushing or shoving, the offender is subject to discipline which shall include the loss of accumulated points and a fine and suspension, the amount and duration of which shall be determined by BRP Modified Tour Officials in their sole discretion. Repeat offenders shall be subject to progressive discipline (which may include a lifetime ban). The Modified Tour, Inc disapproves of this sort of behavior because it is detrimental to the sport and the presentation of a professionally staged entertainment program suitable for the entire family.

29.10 Rough Driving: It is the policy of Modified Tour, Inc. to provide good, clean, competitive racing. Any driver, in the opinion of BRP Modified Tour Officials, charge with rough driving (overly aggressive driving) will be subject to discipline, which shall include a fine, forfeiture of points and suspension. Repeat offenders shall be subject to progressive discipline (which may include a lifetime ban). This rule against rough driving applies to both on-track incidents and those which occur in the pits. The Modified Tour, Inc. strongly disapproves of rough driving because it presents a safety hazard for drivers, spectators, and others; because it is detrimental to the sport; and because it interferes with the presentation of a professionally staged program suitable for the entire family.

29.11 No Abusive Language: No driver or other person affiliated with the car (Example: owner, pit crew members, or driver) shall subject the BRP Modified Tour Officials, scorers, or speedway officials to verbal (improper/obscene/profane language) or physical abuse at any time. Offenders shall be subject to discipline, which shall include a fine, forfeiture of points, and suspension, and repeat offenders shall be subject to progressive discipline. The Modified Tour, Inc. disapproves of this sort of behavior because it is detrimental to the sport and the presentation of a professionally stage entertainment program for the entire family.

29.12 No Unsportsmanlike Conduct: No driver shall engage in any unsportsmanlike conduct. BRP Modified Tour Officials have the sole discretion to determine what constitutes unsportsmanlike conduct.

29.13 Any driver or other person, who attempts to and/or does physically abuse any event official including pushing, punching, touching, grabbing and/or grabbing the official's equipment, etc. will be subject to disqualification and/or fine and/or suspension and/or legal action or any other action deemed inappropriate will be subject to a fine, forfeiture of points, and suspension as deemed at the time by BRP Modified Tour Officials.

30. TECHNICAL INSPECTIONS

30.1 Right to Inspect: BRP Modified Tour Officials may inspect any car at any time before, during or after the race. The speedway may inspect any car for safety purposes before or during the race.

30.2 Prior Inspections: The fact that a car was inspected and determined to be legal or safe on any prior occasion shall not govern. Cars must be always legal and safe. Cars deemed to be illegal or unsafe shall not be allowed to compete in the event and the driver may be subject to discipline. The BRP Modified Tour Officials make no warranty or representation of the legality or safety of cars allowed to compete in the event.

30.3 Post-Race Inspections: If any illegality is detected in any post-race inspection, the car will be disqualified, relegated to last place in the official order of finish for the race in which the disqualification occurred and the driver may be subject to discipline, which may include but is not limited to forfeiture of purse and/or points.

31. DISCIPLINE

31.1 Right to Discipline: BRP Modified Tour Officials shall have the sole right to determine whether a driver or other person shall be subject to discipline.

31.2 Whether to Impose Discipline: Whether a person is subject to discipline shall be a matter entrusted to the discretion of the BRP Modified Tour Officials.

31.3 Amount of Discipline: Unless rules of the Modified Tour, Inc. establish a specific penalty for any transgression, the nature and amount of the discipline imposed shall be within the sole discretion of the BRP Modified Tour Officials.

BRP Modified Tour Officials may impose any of the following forms of discipline, singly or cumulatively:

1. Disqualification from the event.
2. Forfeiture of points for the event or the season to date.
3. Forfeiture of purse money or contingency money.
4. Forfeiture of point money, if any.
5. Imposition of a fine.
6. Suspension from one or more future events.
7. Lifetime ban from all Modified Tour, Inc. events.

31.4 Progressive Discipline: The Modified Tour, Inc. shall keep a record of all discipline imposed. Persons subject to progressive discipline shall suffer a greater penalty for the second and each subsequent offense. For example, if a driver is fined \$100 for the first offense, the second offense may result in a fine of \$200 and the third offense may result in a fine of \$300. Progressive discipline; however, shall not carry over to the following season.

31.5 Fines: All fines imposed by the Modified Tour, Inc. before the payoff is made shall be withheld from the purse or contingency monies the driver is eligible to receive for the event. If the purse or contingency monies due the driver are not sufficient to satisfy the fine, the fine will carry forward to subsequent Modified Tour, Inc. events. If the fine is imposed after the payoff is completed for that event, it will carry forward to subsequent Modified Tour, Inc. events. A driver must pay all outstanding fines to be allowed to enter any subsequent Modified Tour, Inc. events. If an owner/driver does not pay a fine imposed, the owner/driver's car cannot compete in a subsequent Modified Tour, Inc. event with another driver until the fine is paid. A car owner must pay all fines before the car may be driven in any subsequent Modified Tour, Inc. events. Any fines remaining unpaid at the end of the season shall be withheld from the driver's point money, if any is

due the owner/driver. If the point money is insufficient to pay the outstanding fine or if the driver is not eligible for any point money, the fine shall carry over from season to season until it is fully paid. If the fine is not fully paid at this time, it will be turned over to the District Magistrate for further efforts to collect the money.

31.6 Suspensions: All suspensions must be fully served. Cancelled events do not count against the suspension. For example, if a driver is suspended for two (2) events and the next event is cancelled due to inclement weather or other underlying circumstances, the suspension continues in effect until fully served. Any suspension imposed shall carry over to the following season until fully served. For example, if a driver is given a three-race suspension but only two events remain on the schedule, the suspension will still be in effect at the first event of the following season.

31.7 Finality of Decision: The decisions of the BRP Modified Tour Officials regarding discipline shall not be subject to protest or litigation.

31.8 Not Law Enforcement: While the Modified Tour, Inc. has the right to impose discipline for any misconduct that is in violation of any law (such as assault, terroristic threats, public intoxication, or illegal drug use), the BRP Modified Tour Officials are not responsible for law enforcement or investigation. Rather, investigation and prosecution shall be the responsibility of law enforcement officials and/or speedway security. BRP Modified Tour Officials shall cooperate whenever practicable but are not bound by any decision of law enforcement and/or security to undertake or to decline an investigation or prosecution.

32. PROTESTS

32.1 Spokesman: The driver shall be the sole spokesperson for the team and the car owner.

32.2 Written Protests Only: All protests must be submitted in writing to the BRP Modified Tour Race Director/BRP Modified Tour Trailer within ten (10) minutes of the official announcement of the order of finish. The protest must specifically state the basis for the protest. Verbal protests will not be considered. The failure to file a timely, written, specific protest shall be deemed to be a waiver of the right to protest and shall preclude any subsequent appeal or litigation.

32.3 Right to Protest: Any affected drivers may protest any violation of the rules (Including car specifications and weight requirements) unless the rules expressly preclude the filing of a protest or appeal.

32.4 A Main Only: Protest may be lodged with respect to the A Main only. Protests may not be lodged with respect to any qualifying event. Protest must be made in writing within ten (10) minutes after the finish has been posted on the board in the BRP Modified Tour Trailer.

32.5 Visible Protests: Protests may be made concerning visible violations of rules or specifications. A visible protest situation is any time a tool or mechanical device is not needed by a BRP Modified Tour Official to determine the car's compliance with the rule.

32.6 Race Results Protests: Any affected driver may protest race results. A recheck of scoring will then be made, if necessary, and thereafter, the results will be considered final. Protests must be made in writing within 10 minutes after the finish has been posted on the board in the BRP Modified Tour Trailer.

32.7 Holding the Purse/Points: In the event of a protest, the Modified Tour, Inc. will delay purse/point distribution until the matter is ultimately decided by the Appeal Board.

The Modified Tour, Inc. can distribute that portion of the purse/points to drivers whose finishing positions will not be affected by the protest or any subsequent appeal.

32.8 Right to Refuse Protest: The Modified Tour, Inc. reserves the right to refuse any protest if the protest is deemed unnecessary and/or is deemed to have been used for purposes of harassment.

32.9 Records of Protests: The Modified Tour, Inc. will retain all written protests for seven (7) days after the event giving rise to the protest.

33. APPEALS

33.1 Exclusive Remedy: The Modified Tour, Inc. has established a grievance Board of Appeals to rule on appeals. The appeal process contained in these rules shall be binding on all parties and shall not be subjected to judicial review or litigation. The appeal process is the exclusive means for any aggrieved party to seek review of any reviewable decision of a BRP Modified Tour Official.

33.2 Submitting an Appeal: The appeal must be submitted, in writing, to Modified Tour, Inc. 384 Hemlock Drive, Marble, PA 16334 within 48 hours of the event or decision giving rise to the appeal. The appeal will be deemed submitted on the date of actual receipt by the Modified Tour, Inc. office, if delivered in person; but if the appeal is submitted by mail, then the date of the postmark shall govern. The appeal must state the following: The decision to be reviewed; the date of the event or decision giving rise to the appeal; the name of the BRP Modified Tour Official, if any, involved in the matter; the substance of the decision to be reviewed; and specific grounds for which an appeal is sought. The failure to submit a timely, written, and specific appeal shall be deemed to be a waiver of the right to appeal and shall not be subject to judicial review or litigation.

33.3 Appeal Board: Members of the Appeal Board shall be determined as follows: Two (2) members of the board shall be selected by the Modified Tour, Inc.; one (1) member of the board shall be selected by the driver lodging the appeal, with the following provision: the driver representative shall not have any interest whatsoever in the outcome of the appeal.

33.4 Convening the Board: The Appeal Board will meet whenever and wherever necessary for the efficient and speedy disposition of its business. The appealing party will be given written notice of the date, time, and place for the meeting. The meeting may take place in person or by telephone. A quorum of the board shall consist of any two (2) voting members of the Appeal Board and the chairman or the chairman's designee.

33.5 Decision: A majority of the members of the board voting must concur to modify any penalty or determine any appeal. A decision of the majority of the board shall be considered final and shall not be subject to any judicial review or litigation. If the board fails to agree on action to be taken on an appeal, the appeal shall be referred to the BRP Modified Tour president for decision and the president's decision shall be final and shall not be subject to judicial review or litigation.

33.6 Parts: When an appeal involves the legality of any parts, the affected driver or car owner must surrender the part/parts in question. The Modified Tour, Inc. will issue a receipt upon surrender of the part (s), but the part will not be returned until after the appeal hearing is concluded.

33.7 Procedure: The procedure for the hearing on the appeal is as follows:

1. First, the decision of the BRP Modified Tour Official/Officials shall be put in the record.
2. Second, the contents of the written appeal shall be put in the record.
3. Next, the aggrieved party will state his case and will call any witnesses or introduce any evidence to support the case. Hearsay evidence is admissible.
4. Next the BRP Modified Tour Official (s) will state the case in support of the decision from which an appeal is being made and may call any witnesses or introduce any evidence to support that case. Hearsay evidence is admissible.
5. Next, the aggrieved driver will make any desired rebuttals, additions to the record or summations.
6. Next, the BRP Modified Tour Official (s) will make any desired rebuttals, additions to the record or summations.
7. At any time during the hearing, members of the Appellate Board will be given the opportunity to ask any questions of any person present in person or by telephone at the time of the hearing.
8. In the interest of justice, the Appeal Board may continue any hearing to receive additional evidence.
9. After the record is closed, the members of the Appeal Board will deliberate in private and will make its determination, decision, or recommendation by majority vote.
10. All interested parties will be notified in writing of the Appeal Board's decision.
11. The Modified Tour, Inc. shall retain copies of all decisions by the Appeal Board.
12. If the payment of the purse or any portion thereof was withheld due to the appeal, Modified Tour, Inc. will then distribute the corrected funds to the rest of the field of drivers that it was being withheld from at the time.

34. FINAL SAY AND DECISIONS

Any rules or regulations not covered in this document will be determined on a timely basis and voted on by the Modified Tour, Inc. board members and by BRP Modified Tour Officials. Quick decisions at the racetracks will not take place unless it is determined to be too important to wait until the board members and officials can get together away from the track to determine a decision. All decisions made by BRP Modified Officials and Modified Tour, Inc. Board Members will final. No questions asked!
